

# NEW TRAINING OPPORTUNITY

## McDonald's LOV Fryer

### Comprehensive Service Technician Training

This 8-hour online course provides high-level LOV training focused on increasing equipment uptime and first-time fix rate. It offers the same expert level of information you would receive from our classroom, along with a certificate of completion and additional benefits.

Registration requires a one-time, nominal fee of \$150 and includes a complimentary 3-year subscription for technicians to access much more than the course alone!

#### Key Advantages of our Online Premium Service Training:

- Start learning immediately without waiting for the next available class and access content 24 hours a day, 365 days a year
- Avoid spending \$700+ in travel costs when flying to an in-person classroom training
- Learn at your own pace when it's most convenient to eliminate non-operational time
- You'll have a front row seat to view parts, procedures, test points and more
- Unlike traditional classroom training, course content is available for review or reference even after completion
- Gain exclusive access to additional premium content such as live Q&A sessions with the Henny Penny Technical Training Team, updates on changes made to our equipment, parts or process, service procedure videos and more

#### Registration Process:

1. To visit the registration page, click this link:  
<https://traininghennypenny.litmos.com/self-signup/register/95511?type=2>
2. Add the course to your cart by clicking on the green 'Add to Cart' button
3. Complete the required fields and click on the 'PayPal' button to proceed with the payment process (Payment is 100% secure and managed by PayPal, not by Henny Penny)
4. After payment has been completed, you will receive two emails: one from PayPal containing a receipt for your purchase and the other from CyberCafe 24/7 with a link to access the course

*(Note if you already have an account with CyberCafe 24/7, simply use your login credentials to start taking the course)*

If you need step-by-step video instructions outlining the registration process, click this link:
